Synopsis: Agreed Syllabus Twilights

In this evening we hope to look at the following areas which may concern teachers of RE:

- Overview of the new Agreed Syllabus for RE
- Using the scheme of work in the syllabus to illustrate the approach to planning the units
- Practical classroom example to illustrate the creative approach to teaching RE
- Opportunity for discussion and questions

Participants are requested to bring a copy of the Agreed Syllabus along with them to the evening

If anyone wishes to e-mail a question for consideration on the evening please send to info@rsresources.org.uk
